| | |
|-------------------------------------|----|
| Do you have any Health Issue? | No |
|-------------------------------------|----|

Personal Statement/ Additional Information

| | |
|--|--|
| | Life doesn't always follow the path we expect, and for a long time, I believed that my SC and HSC results would define my |
|--|--|

future. But Polytechnics Mauritius showed me something different—that success isn't limited to just one route. They proved that even with only an SC certificate, there is another way forward, a way built on hard work, determination, and resilience.

With their support, I found the strength to push beyond my limits. I embraced the challenges, put in the effort, and last year, I proudly earned my Diploma in IT Cybersecurity. It was not just an academic achievement; it was proof that success is about persistence, not just past results.

Today, as I look ahead, I am determined to go further. I am eager to continue my journey with Polytechnics Mauritius through a top-up degree, building on the foundation they helped me create. For me, this is more than just an academic pursuit—it is a commitment to proving that with the right mindset and the right opportunities, anything is possible.

It would be an honor to take this next step with PML and continue shaping my future.

Terms & Conditions

UNDERTAKING

In January 2019, Government decided that all tertiary courses offered by Public Institutions including Polytechnics Mauritius Ltd will be “free” for Mauritian Citizens (specific conditions apply). Not having followed a certificate, diploma or bachelor in any field, qualifies you to follow the course on a “free” basis. This concerns only local tuition fees. Administrative, Exams and other charges will still apply.

In view of the above, you are required to agree to the terms stating that you do not possess any certificate, diploma or bachelor qualifications and therefore are deemed eligible to follow the Diploma Courses on a “free” basis.
